

Technical Bulletin

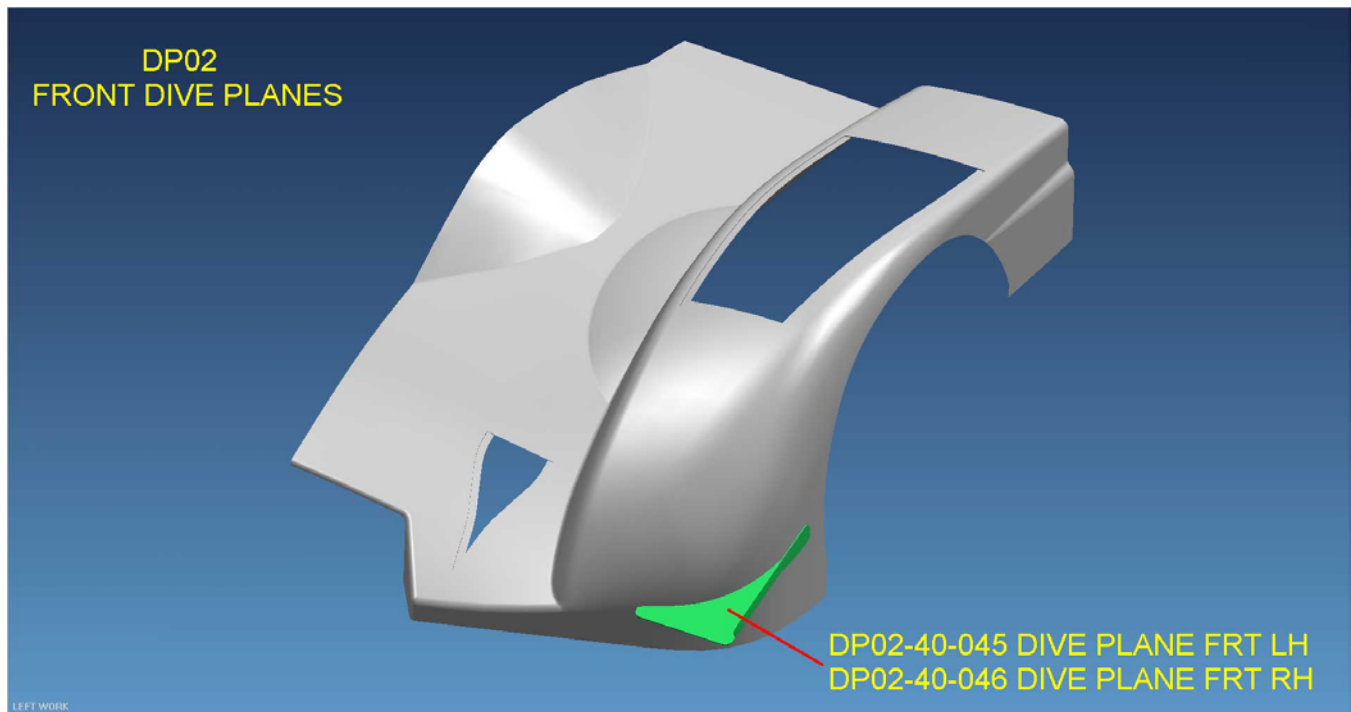

DP02	TB0013-2007	Elan Motorsports Technologies	
From:	Christian Rushforth		
Subject:	<i>Front Dive Planes option</i>	Date:	April 9 th , 2007

Attention all Elan DP02 teams

Available to order are optional front dive planes, Part No. DP02-40-045 / 046, the part is expected to add front down force and drag.

Note: The Dive Planes shown are homologated components, these are the only versions that can be used in the specified location (see sheet 2 for dimensions). Under no circumstances is the dive planes shape or position to be modified.
