

Technical Bulletin

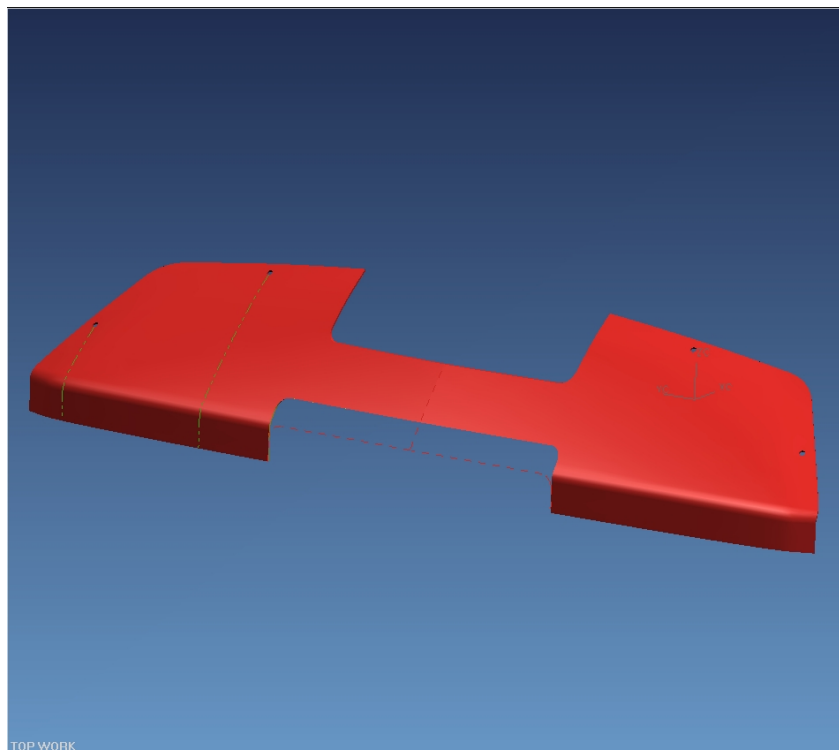

DP02	TB0031-2008	Elan Motorsports Technologies	
From:	Chip Lewis		
Subject:	<i>Nose Blanking Panel Option – Revised Opening</i>	Date:	September 10 th , 2008

Attention all Elan DP02 teams

Elan Motorsports Technologies have allowed an optional increase in the opening of the DP02-40-047 nose blanking panel. The revised opening can be 1" higher than the scribe line in the panel. The maximum dimensions are 2.5" high by 13.0" wide, with the opening centered symmetrically in the panel. The maximum area must be used in a contiguous opening, with a generally rectangular shape.

Note: This nose blanking panel is a homologated component and is the only version that can be used.
