<b>DP02</b>	<b>TB0040-2011</b>	<b>Elan Technologies</b>	
<b>From:</b>	<b>Billy Waits</b>		
<b>Subject:</b>	<b>Brake Pedal Upgrade</b>	<b>Date:</b>	<b>Sep 26<sup>th</sup>, 2011</b>

## Attention all Elan DP02 teams

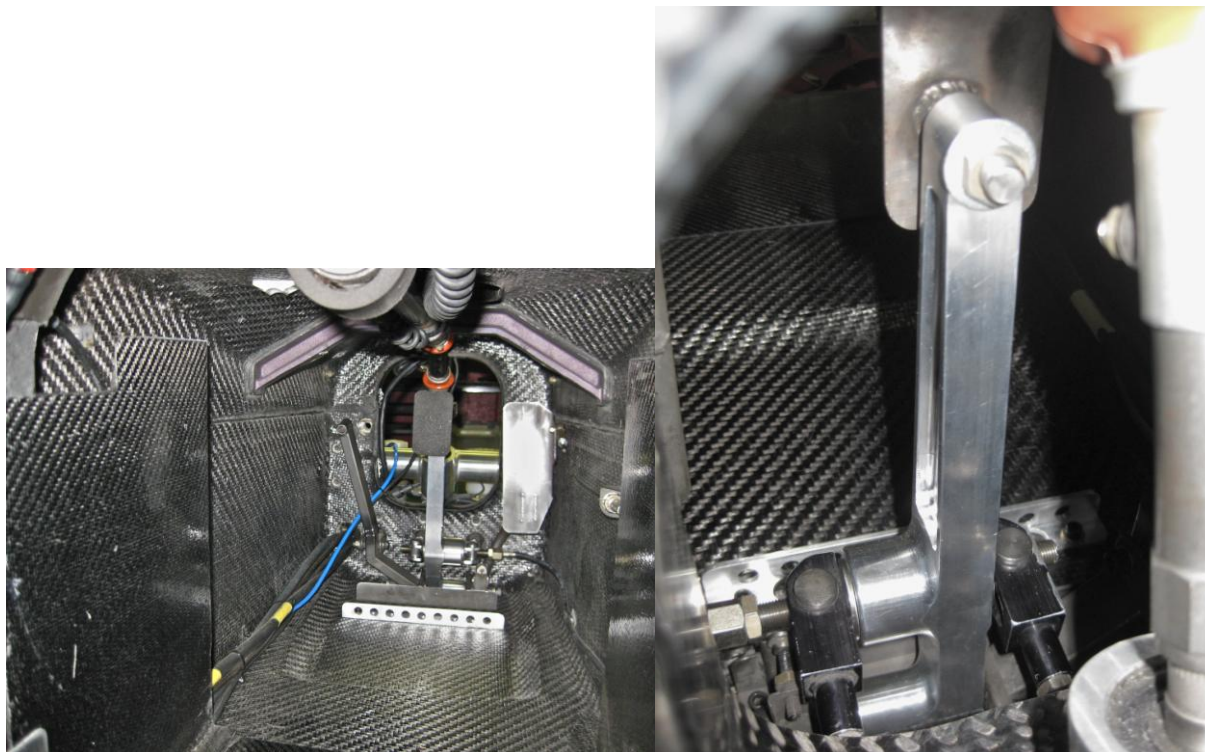

In response to team feedback, we have released a brake pedal upgrade for the DP02 chassis. This new pedal answers concerns pertaining to the repeatability of the bias control in response to pedal pressure by utilizing higher tolerance components.

### Instructions for installation:

1. The pedal is a direct bolt on replacement. No modifications to existing parts will be required.

### Parts required for first time upgrade:

<b>Part No.</b>	<b>Description</b>	<b>Qty Parent</b>	<b>Retail</b>
DP02-15-023	Brake Pedal - Ali	1	\$ 237.90
DP02-15-024	Pivot - Brake Pedal	1	\$ 12.75
PL-0043	Pushrod 5.72" Girling	2	\$ 24.40
PZ-0024	AA Brake Bias Kit	1	\$ 106.36
